

Attaching Bottom Windshield Retainer Brackets

Two aluminum retainer brackets are included with your Aqualu cowl purchase →

You will re-use your steel brackets that are on the stock windshield frame. Note we do not sell the stock OEM steel brackets. →

You will attach these aluminum brackets to your dash using the four 5/16" x 1" Oval Head Machine Screws that are included with your cowl bolt package. You will re-use your existing factory metric bolt to attach this bracket to the windshield frame. →
