#8000 1989-1997 FJ80 18" Stretched Body (112.2" WB)

This FJ80 body was inspired by an FJ40 that has been stretched 18" just behind the door. The rear wheel wells have been moved back an additional 4.2" to accomodate a stock FJ80 wheelbase of 112.2". This body has a stock FJ40 width of 63-3/4". All body mounts have been revised to fit an FJ80 frame. The back of the frame must be cut-off approximately 13-3/4". The engine, transmission and transfer case will need to be moved back approximately 7".
